## CL-HI5BS (Hinged 6 Lamp) T5HO High-Bay Fixture

Ideal for both high and mid-bay applications, the hinged-frame CL-HI5BS is engineered to utilize six 54w T5HO lamps and a high-reflectance Miro IV specular reflector.

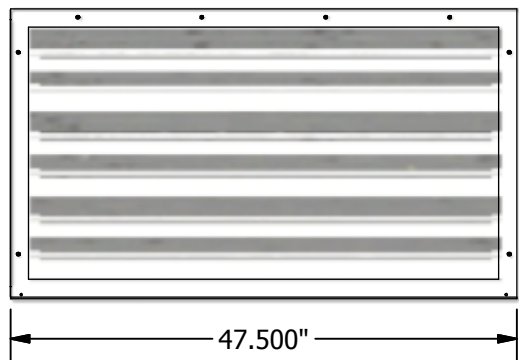

Housing built from 18 gauge steel and powder-coated after fabrication. A framed clear Lexan acrylic lens protects the lamps and prevents dust accumulation inside the fixture. The hinged frame permits easy lamp access and maintenance. On the top of the housing, a quick access plate assists installation.

Designed for surface or chain-mounting applications.

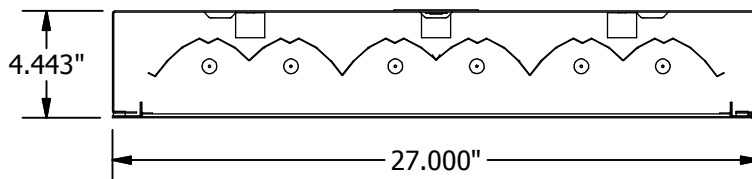

CL-HI5BS (Hinged 6 Lamp)

All fixtures CSA approved.
